

Conference Venue – How to Arrive

MODELS 2014 is held at the **Ciudad Politécnica de la Innovación (CPI)** at the Universitat Politècnica de València (UPV).

How to Reach the Conference Registration Desk

To access the conference area you must enter through the **Access J** at the intersection of *Av. Los Naranjos* and *Ingeniero Fausto Elio*; enter the building by the first stairs on your left hand side and get the elevator (or the stairs) to the third floor (terrace).

The MODELS 2014 Secretariat and Registration Desk are located in the **Hall of the Blue Cube (M and N in the picture below)**

How to reach the conference venue from the city center

By Underground

You must combine the underground with the tram. You must take the underground in Xàtiva or Colón (underground, line 3). The steps are:

1. The start station could be **“Xativa”** or **“Colón”** (underground).
2. Take the underground **“Rafelbunyol”** or **“Alboraya”** (Line 3).
3. Get off the underground in **“Benimaclet”** Station.
4. You must leave the underground and cross the tramline. Please, do not validate the ticket again if you come from the underground in the same trip. Changes between undergrounds or between underground and tram are the same trip.
5. Take the tram **“Dr Lluch” (Line 4)** or **“Maritim Serreria” (Line 6)**.
6. Get off the tram at **“Serreria”** Station.

NOTE: The same ticket of the underground is valid for other undergrounds and for the tram, and viceversa. Underground fares (Zone A, Valencia city). The conference venue is on Zone A.

You must buy the underground/tram tickets in a machine. There is one like this in every station:

One way ticket: 1,50 €

10 trips: 7,20 €

The first time you buy a trip (single trip or 10 trips), the machine gives you a cardboard ticket. Each cardboard ticket costs 1€. Once you finish the trip, you can recharge the ticket as many times as you need using the same machines you used to buy the ticket. If you buy a ticket for one way, you can only recharge one way trips, if you buy a ticket of 10 trips, you can only recharge 10 trips (no single ones). Note that the ticket used to leave the airport (Zone D) must not be used in the city center (Zone A). See map of zones for more details (www.metrovalencia.es).

Please, before taking the tram, you must validate your ticket in the machine you can find at the tram station. To validate the ticket you must approach the ticket to the validation machine (a red circle). This will show how many trips your ticket remains in a small display. Please, do not validate the ticket again if you come from the underground in the same trip. Changes between undergrounds or between underground and tram are the same trip.
